To,
TECMEC ENTERPRISES

Mr. Ashish Bhopale

We would like to extend our sincere appreciation for your valuable recommendation of **IRMCO 980-819** for rust prevention on our machined components.

Following your guidance, we have successfully implemented IRMCO 980-819 in our process, and we are pleased to report excellent results in terms of corrosion resistance and overall component protection. The product has proven to be highly effective and has enhanced the quality and reliability of our finished goods, particularly in extended storage and transit conditions.

Your proactive support and technical insight have significantly contributed to the improvement of our surface protection standards. We truly value our ongoing relationship and look forward to further collaboration and knowledge sharing in the future.

Thank you once again for your recommendation and continued trust in our partnership.

Warm regards,

Bhavesh Patel
